Where The Shuswap Meets The Okanagan

Snow Clearing

The snow season is upon us and the City of Enderby would like to remind residents not to park their vehicles on the road during or immediately after a snow event, as this interferes with snow plowing. When a snow plow is forced to navigate around a parked vehicle, it prevents the operator from removing all of the snow from the road. This narrows the travelled portion of the road and makes it more challenging as the snow accumulates.

Looking for some tips for snow clearing? Check out these from our website:

1. Be safe, wait for the wave! Be careful around snow clearing equipment – always make eye contact with the equipment operator and wait for them to wave you a signal that it is safe to go around.
2. Avoid doing the same job twice (Part 1)! Pile snow to the right of your driveway to prevent it from being pulled back across by a snowplow blade with the next pass.
3. Avoid doing the same job twice (Part 2)! Pile sidewalk snow to the back of the sidewalk rather than the front, so that it doesn't get pushed back onto the sidewalk.
4. Avoid doing the same job twice (Part 3)! Do not push your snow onto the road. Chances are, it will end up back on your sidewalk, so send that snow to its "forever home" the first time – behind the sidewalk.
5. Lighten your load, your back will thank you! Shovel snow early and often to prevent heavy lifting.
6. Pay it forward, snow angels! Help your neighbours and chances are they will return the favour and help you too. People who receive help are more likely to turn around and help others, so keep that good karma moving!

2025 Dog Tags

The 2025 dog tags are in! If you are in the City / Area F dog control area, be sure to purchase your dog tag before March 1st to get a discount. Did you know that licensing your favorite four-legged friend(s) can help reunite them with you? Keep those canine (mis)adventures to a minimum with a dog tag.

Inter-Municipal Business License

Do you do business in other communities? Avoid multiple business licenses with an annual Inter-Municipal Business License! Your City of Enderby business license is perpetual, so if you already have one, you only need to purchase the annual Inter-Municipal Business License. If you had a 2024 Inter-Municipal Business License, please visit City Hall to renew for 2025.

Water Restrictions During Reservoir #1 Reconstruction in 2025

Reservoir #1 is a critical component of the City of Enderby drinking water system that is scheduled for reconstruction in 2025. It is one of two reservoirs owned by City.

During construction, the City will be solely reliant upon Reservoir #2 for water storage. As there will be only a single reservoir storing water, **Stage 2 conservation** will be implemented for the duration of construction.

Following an extraordinary event, the City will need to issue emergency water conservation measures until the water storage has been replenished, to ensure there is adequate water for essential and emergency use.

Construction is expected to begin in February and be completed in September 2025.

A full-size version of the Water Conservation & Drought Response Framework can be found at www.cityofenderby.com/water-conservation.

Stay Informed with Alertable

The City of Enderby and other North Okanagan communities are using the Alertable emergency notification system. Alertable allows you to receive emergency notifications through your smart phone as well as various other devices (including landline telephones!).

For more information, please visit

www.cityofenderby.com/emergency-notifications

Online Utility Payments

Did you know that we accept online payments from all major banks? In your online banking, search "Enderby" as a payee and add the utility option. Your account number can be found on the top left corner of your utility bill - just leave out the spaces when you add it to your online banking system.

Account # **208 0512000 000**
Service Address: 1605 KATE ST

The account number here would be 2080512000000

	WATER CONSERVATION & DROUGHT RESPONSE FRAMEWORK
